October 2018

Dear Friends,

It gives me great pleasure to join with the Argonne National Laboratory, a U.S. Department of Energy laboratory, in welcoming you to their Scientific Conference held in Traverse City.

This event brings together the best and most recognized scientists in the field with industrial partners, instrument manufactureres and researchers from other scientific areas. This is the first time the Unites States is hosting this conference in almost twenty years and we are proud to welcome conference participants to our great state of Michigan. As you head back, take a little bit of Pure Michigan with you. We hope that the knowledge you gained here during this conference will have a positive

impact on your future.

Please accept my very best wishes for a memorable gathering and for continued success and prosperity in all of your future endeavors.

Sincerely,

A handwritten signature in black ink that reads "Rick Snyder". The signature is written in a cursive, flowing style.
